A warm welcome!

July 2025

Dear first-semester students,

I am delighted that you have chosen to study at our university, and I warmly invite you to our official welcome event for new students. This will take place on Monday, 29 September 2025, at 1:00 p.m. at our Sigmaringen campus (Lecture Hall 620, Building 106, Anton-Günther-Str. 51).

We would like to make your first day at the university an opportunity for you to get to know your degree program and the key services that support your studies.

Before lectures officially begin, we encourage you to take part in the Welcome Week organised by our International Office in mid-September. This program is designed especially for international students and will help you settle in, get to know the university, and prepare for your studies. You will also have the chance to meet other new students and start building connections in your new academic environment.

We also cordially invite you to our “come-2-gether” event, where you will be welcomed by the student councils, the General Student Committee (AStA), and other student organizations. This is a great opportunity to get to know university institutions and fellow students. You can look forward to music, fresh popcorn, drinks — and a warm welcome from the student pubs later in the evening.

You will find the detailed schedule on the back of this letter. Your first lectures will start on 30 September 2025.

We look forward to welcoming you soon and wish you a successful start to your studies.

Kind regards,

Dr. Ingeborg Mühldorfer
Rector
